Your virtual employee on your website.

24/7 Available

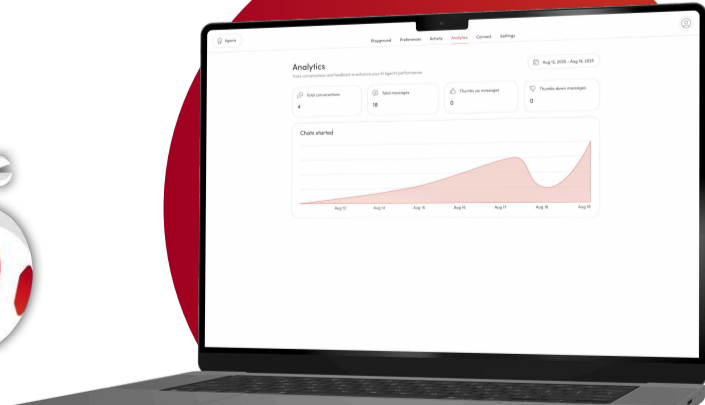

Your chatbot provides information around the clock.

Optimise your chatbot's responses.

Chat statistics

With our **analytics function** you can see at a glance how many chats were started, how many messages were exchanged and what ratings were received.

Train your chatbot with your data.

Upload **documents**, connect **websites**, add **links**. The more your chatbot knows, the better it responds. Configured simply and easily.
